Ragan, the agenda is not final except that the decision was made not to include all five areas of interest in Grand Prairie. The August 5 meeting will only address Delfasco. No one has provided input yet on the agenda that is why it says draft. Our meeting to discuss the agenda, who will attend, etc is scheduled on Wed at 10:30 with Pam. I expect that is when the agenda will be finalized and further plans determined.

I am a little concerned about this meeting agenda/decisions being finalized without the involvement of Susan or Greg from my Branch. As I understand this project, the PRB is the lead with Greg as the main contact. We saw earlier emails from the City via Beverly regarding the potential agenda but were not involved in the development of this final agenda. We need to discuss.

Subject Meeting w/Grand Prairie on August 5, 4:30PM - time
change at request of Jim Cummings

Greg/Barbara/Melissa/Richard/Pam/Jennifer/Steve

Jim Cummings has requested that we meet on August 5 **at 4:30PM** with his Department, the Grand Prairie City Manager, and several City Council members. At my request he sent the information below on the City's agenda for the meeting. I have called TCEQ and alerted them to the meeting and the city's interest in their potential role in future activities.

Claudia has reserved time on Pam's schedule on July 30, at 10:30AM for a meeting of the principal staff (Greg, Barbara, Melissa, Richard, Pam, Jennifer, the site CIC and others ???) who may be attending the August 5 meeting. The meeting will be on the 10th floor in Coleman's conference room. We can discuss our responses for the Grand Prairie meeting and determine the appropriate August 5, meeting attendees based on Jim's agenda.

Thank you...
Beverly

Subject Meeting

Beverly,

We are mainly interested in the planned course of action. Based on comments from our City Manager and Councilmembers, I would request that you be prepared to address the following:

- Timeframe for public meeting, additional sampling, and mitigation efforts
- Confidentiality of address specific data and what information will be released to the public and media

- Course of action for dealing with Delfasco
- Plans for mitigation of any ongoing source area
 - Availability of information on any potential health impacts and the need for any health screening activities
 - Potential property value impacts based on experiences in other parts of the country
 - TCEQ's role

We'll plan on seeing you at 4:30 pm on August 5th. We'll meet in the City Manager Conference Room in the Grand Prairie City Hall (317 W. College). I'll be out of the office through Aug. 3rd, but Cindy Mendez, our Environmental Quality Manager will be available if you have any questions. Cindy may be contacted at 972/237-8225.

Thanks,
Jim
